

Miami One Shopping Centre Community Update- June 2024

Region Group, which owns Miami One Shopping Centre, is embarking on a project to improve the centre, reinforcing its role in providing essential services to both locals and tourists, with a focus on promoting healthy lifestyles.

The Project Enhancements

The project will address the growing demand by creating a vibrant centre anchored by a full line supermarket and 34 speciality retailers.

To further acknowledge the importance of the centre for the Miami Community, the landowner Region Group plans to undertake a series of improvements to update and refresh the existing shopping centre.

Project Details

The centre is conveniently located in the Miami community. The project will include works to

upgrade and refresh the car park, external façade, furniture, and wayfinding. Plus, improvements to the landscaping, mall furnishings and centre amenities.

The project will create a vibrant space for the community, and local groups to come together to share in memorable moments that support healthy lifestyles.

The project team will work closely with the local community and authorities to upgrade the centre and to progress planning and design, that is aligned with other projects in the area.

Parking and Public Access

Miami One Shopping Centre will continue to provide convenient 3-hour free parking for stress-free arrival that prioritises accessibility in design, with pedestrian and bicycle-friendly access connecting all amenities.

Public transport options include bus stops and taxi ranks and future light rail services that are conveniently located near the centre.

Community Benefits

Miami One Shopping Centre will aim to provide a destination of choice for locals and young families that supports a relaxed, healthy, and active lifestyle enjoyed by those living in Miami and the Gold Coast region.

The project enhancements of Miami One Shopping Centre will also provide a boost to local employment, both during and post-construction.
